Instructions:

1. Name each of the PMBOK® Guide processes in the top space,
2. Identify the major outputs from each process in the right hand space of each process, and map where they go as inputs into the left hand space of each process (we've done one for you),
3. Identify the major tools and techniques and write them in the middle space of each process,
4. Check your answers using either the *PMP® Training Kit* or *The PMBOK® Guide, 5th edition*.
